**Mineral Mountain Appoints Rick Adams To The Board**

**(Vancouver, June 5, 2012):** Mineral Mountain Resources Ltd. (“Mineral Mountain” or the “Company”) (TSXV: “MMV”) (OTCQX: “MNRL”) is pleased to announce the appointment of Rick Adams, P. Eng. a mining engineer with over 4 decades of experience, to the Board. Mr. Adams is a graduate of South Dakota School of Mines and Technology in Rapid City, and has been involved in all stages of mining operations and development in Canada and internationally, in capacities ranging from Project Engineer to Senior Vice-President. He brings a wealth of knowledge and expertise in developing open-pit and underground mining operations and has a proven track record of operating safe, profitable and environmentally sound projects. Most recently, Mr. Adams has been involved with pre-feasibility, feasibility and project management functions as a consultant to Canadian and international mining companies.

*“We are very pleased to have such a wealth of mining and development experience to move the Holy Terror Project into the development stage and create an intermediate gold producer,”* commented Nelson W. Baker, President and CEO.

Mr. Adams will operate from Sudbury, Ontario.

The Company regrets that effective June 1<sup>st</sup>, James (Rik) Bond, an independent director and a member of the Company’s Audit Committee has, for personal reasons, resigned from the Board. “We will miss Rik’s valuable contribution to the Board and we wish him much success with his other business ventures.”

On Behalf of the Board of Directors  
**MINERAL MOUNTAIN RESOURCES LTD.**

*“Nelson W. Baker”*, President and CEO

## Reader Advisory

*Neither TSX Venture Exchange nor its Regulation Service Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*

*This release includes certain statements that may be deemed to be “forward-looking information” under Canadian securities laws. All statements in this release, other than statements of historical facts, that address events or developments that the Company expects to occur, constitute forward looking-information. Forward looking information consists of statements that are not historical facts and are generally, but not always, identified by the words “expects”, “plans”, “could” or “should” occur. Although the Company believes the expectations expressed in such forward-looking information are based on reasonable assumptions, such information does not constitute guarantees of future performance and actual results may differ materially from those in forward-looking information. Factors that cause the actual results to differ materially from those in forward-looking information include gold prices, results of exploration and development activities, regulatory changes, defects in title, availability of materials and equipment, timeliness of government approvals, continued availability of capital and financing and general economic, market or business conditions. The Company cautions the foregoing list of important factors is not exhaustive. Investors and others who base themselves on the Company's forward-looking information should carefully consider the above factors as well as the uncertainties they represent and the risk they entail. The Company believes that the expectations reflected in the forward-looking information are reasonable, but no assurance can be given that these expectations will prove to be correct. Please see the public filings of the Company at [www.sedar.com](http://www.sedar.com) for further information.*
